

RISK TAKING FOR WOMEN - I

Lessons In Risk Taking
and Change (Archery)

Saturday June 6th

Semiahmoo Fish & Game Club

1284 - 184th Street

Surrey B.C.

Time: 1:00pm-4:00pm

(Registration 12:45)

Lynn Oucharek, People, Change
and Innovation Strategist

This energetic workshop is made for women wanting to ignite positive change in their lives and work. It will also give you the skills to take care of zombies and gain the bow power of Katniss.

As women we often hold back our best ideas and actions.

The question is how can we feel empowered to take more risks, which allows us to create amazing ideas, collaborations, and actions no matter what challenges we face?

It's about living our life "wholehearted", and stretching out further through the ongoing change around us.

This session is part I in practical risk taking tools and mind sets. We'll discuss: design thinking tools, a risk taking challenge and practical methods for getting "unstuck".

As part of this session you'll learn how to wield your power day to day, and in a small group setting with instruction in the sport of archery.

Cost: \$65.00 + tax
